## Payment Procedures for GE MasterCard

The payment procedures for the new program are listed below. Agencies who participate in the Gold Card program, will only have one (1) bill for the Purchase and Gold cards eliminating the need for separate batches.

Agencies that participate in the Travel Agency Air Travel Card, will follow the same procedures for payments as the Purchase Card program. All Individual Corporate (Travel) Cards are the employees responsibility and they must make the full payment within 30 days of the bill cycle date.

The new Vendor Id number for GE MasterCard is **061301495 and the suffix is 25**. You must use this vendor number and suffix each time you pay for a Purchase Card or Agency Travel Card bill. You must have your agency's billing account number in the Customer Account Number field in CARS. If your agency has an internal financial system, it will be the same field that you use to record AMEX's Remit number.

All batches must be processed using trans code 334 and no due date. If your agency's internal system requires a due date, you can use the date you enter the batch as the due date. Note, all payments must be made in full by the due date reflected on the GE bill each cycle. The cycle dates and due dates are always posted on the SPCC web page.

## Reminder: Purchase cardholders in eVA

Please communicate to all of your cardholders who have their AMEX card numbers stored in eVA, that they must go into their Preferences and delete their AMEX card number and add their new GE MasterCard number when they receive it.

## Reminder: Purchase cardholders which have recurring charges set on their cards

Please communicate to all of your cardholders who have any recurring charges set up on their cards (i.e. UPS, Copier payments, leases, etc) that they must contact the vendors to update their card information to the new GE MasterCard number. Remember, no one should fax their card numbers to anyone.

## Online access for Individual Cardholders

All of your cardholders, Purchase, Gold, Agency Travel and Individual Corporate (Travel) cards should sign on to NetService so they can access their account 24 hours a day 7 days a week. A step by step tutorial is on our Charge Card Administration web page as well as on the CD's provided at the PA training sessions in September. Cardholders can view their charges and print off their statements one (1) day after cycle close.
